OPIC  CIPO

Trade-marks Journal

Vol. 62 No. 3177

General Information

The *Trade-marks Journal* is published every week in compliance with [Rule 15 of the Trade-marks Regulations](#). The Registrar of Trade-marks cannot guarantee the accuracy of this publication, nor assume any responsibility for errors or omissions or the consequence of these. All mail relating to trademarks should be addressed to the Registrar of Trade-marks, 50 Victoria Street, Gatineau, Quebec, Canada, K1A 0C9.

Electronic *Trade-marks Journal*

The *Trade-marks Journal* is available in electronic form on the CIPO web site (<http://cipo.gc.ca>). The *Journal* is available in PDF format and can be downloaded free of charge, viewed and printed with Adobe Acrobat Reader. The electronic form of the *Trade-marks Journal* is the official version.

The *Journal* is also available in a printable HTML format as an alternate official version, and contains a search function to narrow and customize the *Journal* content to user defined areas of interest.

Official Languages

The *Journal* is available in English and in French. The application details are displayed based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the Journal are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the Journal have been translated. Any registration resulting from the application will be restricted to these goods or services described therein.

Filing Dates

The filing date of each trademark application advertised in the *Trade-marks Journal*, including those to extend the statement of goods or services of an existing registration, is shown next to the application number in the sequence of Year, Month and Day.

Nice Classification

The *Journal* includes reference to the Nice classification when the goods or services of an application have been grouped and classed by the applicant in accordance with the current version and edition of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see [section 38 of the *Trade-marks Act*](#) for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Trade-marks Journal* may file a statement of opposition with the Registrar of Trade-marks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

 - Several quadrilaterals juxtaposed, joined or intersecting
 - Quadrilaterals containing one or more letters
 - Letters presenting a special form of writing
 - Letters in the form of a signature, illegible signatures
-

Trademark Description

The trade-mark is two-dimensional and consists of five labels applied to the three-dimensional bottle as shown in the drawing. The three-dimensional bottle shown in dotted outline does not form part of the mark. The first label at the top of the bottle cap consists of the stylized letters GJ. The second label found on the neck of the bottle consists of the repetitive words RARE TENNESSEE WHISKEY on an angle. The third label found on the base of the neck of the bottle consists of the words TWICE MELLOWED. The fourth label on the top portion of the bottle consists of the words GENTLEMAN JACK RARE TENNESSEE WHISKEY with a design element beside the word JACK. The fifth label found towards the bottom portion of the bottle reads from left to right of the label: 40% ALC. BY VOL. (80Proof); FROM THE MAKERS OF JACK DANIEL'S; 750ML.

GOODS

Alcoholic beverages, namely whiskey.

GOODS

(1) Skin care preparations, namely, aloe vera gel and skin lotions; hair care preparations, namely shampoo, conditioner, and styling gel; Candles.

(2) Chemicals and microbes used in industry and science, namely, solvents for use in semiconductors, muds for drilling operations, additives for use in the manufacture of cosmetics, filtration media for removal of oil from aqueous streams and chemicals for environmental waste solidification, and namely, microbes for waste treatment; automotive fluids, namely windshield cleaner and windshield antifreeze; high- and low-tack adhesives used in industry for decals, bandages, packing tapes and for manufacturing apparel, toys and mattresses; synthetic resins; unprocessed plastics; fertilizers; food preservatives; Vegetable-based dyes; paints for use on residential structures; preservatives against corrosion; preservatives against contamination; colorants for foodstuffs and cosmetic preparations; metals for decorators; preservatives against deterioration of wood; Industrial detergents; consumer detergents, namely laundry detergents and household cleaning preparations; solvents, namely, make-up removers, nail polish removers, and paint removers; polishing preparations for metal and wood; skin care preparations; hair care preparations; dentifrices, perfumery; Industrial oils and greases; lubricants, namely, motor oils and food grade lubricants for food processors; fuels; electrical energy namely, electricity; illuminants, namely, petroleum and crude oil; dust absorbing, wetting and binding compositions for use in energy production and water treatment applications; Pharmaceutical preparations for vitamin deficiencies, namely, dietary supplements; dietetic substances adapted for medical use, namely, crackers and herbal, fruit and black teas in tea bags; food for babies and infants; pharmaceutical preparations for use in dermatology, namely, preparations for use in treating wounds and burns; hygiene products, namely, medicated lotions for skin; wadding materials for dressings; menstruation protective products, namely, pantyliners; analgesics; diagnostic preparations, namely kits comprising chemical reagents for medical use; pharmaceutical materials for dental medicine, namely, dental repairing composites; air fresheners; herbicides; disinfectants for hygienic purposes; Steel alloys; steel plates; portable steel buildings; metal building materials, namely, siding, awnings, pipes, ladders, and ventilation ducts; metal fasteners; metal hardware, namely, springs and metal handles for cabinets; aluminum foil; ores; Electricity generators for residential use; solar-powered electricity generators; wind-powered electricity generators; agricultural machines, namely, combines, harvesters, tillers; non hand-operated agricultural appliances, namely, plows, reapers; waste handling machines, namely, waste compactors and machines for separating waste materials; water treatment machines, namely, desalination systems and pumps for use in irrigation systems;

machines for the oil industry, namely, oil-water separators; machines for the construction industry, namely, mechanical shovels and accessories; machines for the manufacturing industry, namely wood working machines, plastic working machines, metal working machines and industrial robots; machines for the logistics industry, namely forklifts, loading and unloading machines, and conveyor belts; machine parts, namely, roller bearings for machines and catalytic converters; machines for the printing industry, namely, printing presses and devices for sorting, trimming, binding, folding, packaging, bundling and stacking printed products; machines for the apparel industry, namely, embroidery and sewing machines; parts and assemblies of weaving machines, namely, heddle frames, edge binders; engines not for land vehicles, namely, boat engines, aircraft engines; engines not for land vehicles, namely; combustion engines for the generation of electricity and heat as complete unit, namely, combined heat and power plants; coupling and transmission components for machines not land vehicles; electric hand drills; machines for gardening, namely, hedge cutters, lawn mowers and leaf blowers; food processing apparatus, namely, machines for deboning meat, machines for packaging, and food processors for household use; vacuum cleaners; washing machines; dishwashers; Tableware; kitchen utensils; pocket knives with multi-purpose attachments ; personal grooming tools, namely scissors, razors, electric hair clippers, electric hair dryers, tweezers and nail files; hand-operated garden tools; hand-operated home improvement tools, namely, hammers, caulking guns, perforating tools; fulling tools, namely, peening hammers and shaping dies; Electronic devices, namely, light emitting diodes, liquid crystal elements; electrolyzers ; batteries, namely, rechargeable batteries and internal solid state batteries for consumer electronics; electric sockets and electric light dimmers; lifesaving flotation clothing; fire-extinguishing apparatus, namely, fire extinguishers; fire-extinguishing apparatus, namely, computer software and hardware for use in operating a fire suppression system; fire-extinguishing apparatus, namely, atomizers for spraying water or other chemicals to suppress fire, smoke, heat and particles, and for smoke-scrubbing; security equipment, namely, smoke detectors and fire-extinguishers; security equipment, namely, video cameras and motion detectors; electronic blackboards and whiteboards used to capture and project images; optical disk recorders; optical products, namely, blank optical disks; optical products, namely, photosensitive films that adapt to light conditions; optical products, namely, sunglasses and eyewear accessories; bar code readers; computer components, namely, semiconductors, microprocessors, circuit boards and memory cards; magnetic cards, namely, value storage smart cards; blank magnetic data storage media; personal digital assistants (PDAs); calculating machines, namely, calculators, cash registers and Point-of-Sale (POS) systems; computer servers; computers; peripheral devices, namely, pointing devices, namely mice and electronic pens for visual display units; peripheral devices, namely, keyboards, wireless local area networking (LAN) devices, printers, facsimile machines and photocopiers; computer software for content management systems, namely, software that enables WYSIWYG (What You See Is What You Get) web page development and updates; computer software for personal digital assistants (PDAs); environmental sensors, namely apparatus for air analysis; computer hardware and software systems for monitoring environmental conditions, namely air quality, in commercial structures; computer hardware and software systems for monitoring the location of tagged assets; computer software for research and analysis of industry performance data relating to impacts on people, planet and prosperity; digital cameras; digital audio players; pre-recorded optical disks featuring dramatic and documentary films; computer software for editing images; computer game programs; radio communication apparatus for nautical and aeronautical use; in-car navigation systems; tuners for television signal decoding; corded telephones; mobile telephones; electric welding apparatus, namely, electric arc welders; glassware for scientific experiments; Medical supplies, namely, gloves, tongue depressors, peroxide; defibrillators; apparatus for use in medical analysis, namely, blood analysis, and blood pressure analysis, and thermometers; infrared thermometers; diagnostic apparatus for medical purposes,

namely, diagnostic imaging apparatus; ultrasound gel; physical exercise apparatus, for medical purposes, namely rehabilitation equipment; cardio frequency monitors to be used during exercise, sports and leisure activities; electric massage appliances, namely, electric vibrating massager; electrically operated beds for nursing-care use; surgical instruments; orthopedic implants; hearing aids; prosthetics; Water treatment equipment, namely, desalination systems; water treatment equipment for industrial use, namely, water-filtering apparatus, and ultraviolet and chemical sterilization units; water filters for residential and industrial use; apparatus for waste or sewage treatment, namely, waste water purification units; gas refining apparatus namely, hydrogen generators and gas scrubbers; lighting apparatus, namely, electric lamps; commercial ventilating fans; electric fans; air dryers; desiccating apparatus for industrial use, namely, driers and spray driers for the ceramic industry; industrial and residential heating apparatus for materials and gases, namely, infrared lamps, electric space heaters, outdoor heaters, central heating systems, kilns, heat exchangers, batch furnaces and continuous furnaces, and furnaces for smelting and refining glass; industrial and residential cooling apparatus for materials and gases, namely, cooling tunnels, refrigerating chambers, central air-conditioners; bathroom fixtures; bath tubs; home appliances, namely, ovens, microwave ovens, refrigerators, toasters, coffee makers, rice cookers, hot plates, barbecues; humidifiers; dehumidifiers; electric air deodorizers; Vehicles for locomotion by land namely, buses, campers, trucks, locomotives, railway rolling stock; tractors, forklifts, automobiles, motorcycles, snowmobiles, all terrain vehicles, bicycles; apparatus for land vehicles, namely batteries, engines, shafts, axles, bearings, shock absorbers, transmission belts; apparatus for land vehicles, namely brake parts; vehicle accessories namely, seat covers for vehicles, automobile windscreens, windscreen wipers, automobile tires, motorcycle tires, hydraulic circuits for vehicles; watercraft, namely, large and small boats; large and small watercraft propellers; aircraft; wheelchairs; cleaning carts for custodial workers; accessories for two-wheeled cycles, namely bells, brakes, bicycle seats, drive chains, inner tubes, and storage bins; Vegetable-based BB pellets, namely BB pellets produced from plant materials; paintball guns for paintball; paint balls for paintball guns; gun locks; non-lethal self-defense tools, namely, pepper spray; explosives; fireworks; Jewellery; costume jewellery; precious stones; horological and chronometric instruments, namely, clocks, watches, and the tools horologists use to fix them; Musical instruments, namely, guitars, harmonicas, electronic keyboards, drums, tuning forks; Cardboard boxes; bubble wrap; books; graphic novels, books featuring stories in illustrated form; printed materials, namely, newsletters, magazines, and printed guides; printed awareness materials, namely, lawn signs and shopping bags; calendars; postcards; decals; paint brushes; office and school requisites, namely, 3-ring binders, pencils, diaries; paper and paper substitutes for commercial printing; bookbinding materials; paper towels; Barriers against environmental contamination, namely, floating barriers and subsurface valves; cellulose-based plastics; biodegradable plastics; synthetic rubber and rubber and goods made from these materials and not included in other classes, namely, rubber rings, and crude or partially processed rubber; plastics in extruded form for use in manufacture; sealants, namely, sealants for use in sealing roofing, gutter joints, metal flashing, and floor tiles for home builders, and thread sealants for plumbers; flexible pipes, not of metal, namely, plastic pipes; insulating materials, namely fire-resistant, moisture-resistant, electrical, acoustic and glass-fiber-fabric insulating materials; insulating materials, namely, protective interlayer dielectric materials for use in computer hardware; packing materials, namely, bubble wrap, bubble mailers, packing peanuts, packing material that wicks moisture, and molded packing materials for machine parts; synthetic stuffing materials for sleeping bags and jackets; carbon fibers; coffee cups; leather and imitations of leather and goods made from these materials and not included in other classes, namely, portfolios for holding writing paper, garment bags and handbags; fashion accessories, namely, belts; canvas shopping bags; umbrellas; parasols; Non-metallic rigid pipes; non-metallic building materials, namely, non-metallic flooring, namely, floor tablets and wood planks;

non-metallic portable buildings for residential and commercial use; asphalt; asphalt felt; bituminous coatings; figurines of stone; Furniture, namely home furniture, office furniture, and garden furniture; mirrors for bedroom sets; wicker accessories, namely, wicker tables, wicker handbags, wicker place mats; mattresses; futons; cushions; pillows; bedding; curtains; curtains not of textile material; bamboo blinds; hand-held mirrors; picture frames; inflatable advertising articles and objects, namely inflatable billboards and bouncy castles; printed appliqués and decorations; Plastic boxes for transport and storage; storage and transportation pallets not made of metal; furniture parts, namely, legs and drawers, cabinetry hinges, sliding rails for furniture drawers and plastic fasteners; non-metal window and door fittings; Travel mugs; kitchen utensils; earthenware; storage containers for household use; disposable tableware; feeding vessels for pets; glassware; household goods, namely, vases, flower pots, glass figurines; cleaning implements, namely, cleaning cloths, steel wool, brooms, mops; paper dispensers for home use; paper dispensers for commercial use; soap dispensers for home use; soap dispensers for commercial use; personal care goods, namely, powder compacts, hair brushes, combs and bath sponges; unworked or semi-worked glass; Ropes, namely, sailing, mountaineering and caving ropes; ropes for tying-down loads; belts for clamping loads; string; nets, namely, nets for food packaging, extensible cargo nets, industrial (fishing) nets, sacks for transportation of bulk materials, bags for composting organic material; garment bags for storage; tents; awnings; raw fibrous textile materials; synthetic fibers, non-woven fibers for conversion into a variety of industrial and consumer goods; Yarns and threads, for textile use; Fabrics included in this class, namely, woven fabrics; textile goods, namely, table covers; place mats; glass fiber felt; canvas for tapestry or embroidery; Clothing namely, shirts, golf shirts, shorts, pants, jackets, swimwear, and robes; footwear, namely, shoes and boots; headwear, namely, hats and caps; fashion accessories, namely scarves; Lace and embroidery; badges, namely, cloth badges, ornamental and novelty badges, and appliqués made of textile materials; woven and knitted ribbons; artificial flowers; head ornamentation, namely, hair pins, barrettes, false hair, and wigs; textile fasteners; Carpets; mats, namely, floor mats, bath mats, locker-room mats and car mats; carpet underpads; linoleum and other materials for covering existing floors, namely, artificial turf; wallpaper; Toys, namely, plush toys, dolls and doll accessories, action figures, toy vehicles, toy boats; games, namely, board games, jigsaw puzzles, playing cards; electronic games adapted for use with television receivers only; coin-operated entertainment machines; sporting goods, namely, skis, surfboards, skateboards, roller blades, basket balls, and yoga mats; sporting goods, namely, racquet sports equipment, namely, nets for tennis or badminton, tennis racquets, squash racquets and badminton racquets, tennis balls, squash balls, badminton shuttlecocks, and guts for stringing racquets; sporting goods, namely, diving equipment, golf equipment, and fishing rods and tackle; exercise machines; namely, elliptical trainers, treadmills, stationary bicycles; holiday decorations; Meat; fish; poultry; meat extracts; cooked meat, fruits and vegetables; processed food, namely, processed fruit-based bars and packaged food combinations in the form of a meal; dietary supplements packaged as food bars, tablets, and powdered food additives; jams; eggs; milk products; edible oils; Coffee; tea; beverage powders; yeast; sugar; rice; preparations made from cereals, namely flour; cereals; biscuits; bread; pasta; cocoa; chocolate; chocolate products, namely, chocolate bars; pancake syrup; chewing gum; frozen confectionery; condiments, namely, salt, tomato sauce, salsa, ketchup, mustard, mayonnaise, hot sauces, steak sauces, and sauce mixes; salad dressings; spices; Forestry products, namely, unsawn timber and unprocessed logs; grains; fresh fruits and vegetables; malt; live animals; food for animals; agricultural seeds; horticultural seeds; natural plants and flowers; Beers; mineral water beverages; aerated beverages, namely, aerated water; fruit beverages; syrups for making beverages; Alcoholic beverages (except beers), namely, wines, distilled spirits and liqueurs; Cigarette papers; cigarette lighters; matches; smokers' articles, namely, cigarette ash receptacles.

SERVICES

- (1) Association services, namely, promoting the interests of various organizations, namely, promoting public interest in and awareness of the importance of sustainable development that takes care of people, planet and profit, and promoting public interest in and awareness of global issues and international cooperation; association services, namely, organizing and conducting business and personal leadership awards programs; organizing awards, namely, organizing and conducting luncheon events recognizing the achievements of individuals and private and public companies for the purpose of fostering progress in sustainable development.
- (2) Human resources services, namely, career counseling services.
- (3) Consulting and information services to the fields of electronics and software, namely, services to assist makers of electronics and software developers in becoming more operationally effective and more responsible in terms of impacts on people, planet and community prosperity; legal services, namely, legal research, IP advisory services and managing legal documentation for others.
- (4) Association services, namely, administering educational and professional research programs in the fields of business and sustainable development; educational services, namely, conducting educational, student, and professional policy conferences and research programs; consulting and information services to educational organizations, namely, services to assist grade schools and colleges in becoming more operationally effective and more responsible in terms of impacts on people, planet and community prosperity; computer services, namely, providing a computer database for the exchange of information and news about the production of education services.
- (5) Providing information in the fields of sustainable development, business management, accounting and business marketing; information and entertainment services, namely, providing information in the fields of business and sustainable development, in the nature of narratives and contests of citizens and business people attempting to solve challenges relating to business and sustainable development, via web sites, articles, streaming audio and video; entertainment services, namely, conducting contests; consulting and information services to the entertainment, sporting and cultural activity sectors; computer services, namely, providing a computer database for the exchange of information and news about the production of entertainment, sporting and cultural activity services; computer services, namely, providing a computer database for the exchange of information and news about financial transaction services (namely commercial brokerage services, namely, trading, buying and selling commodities for others), and about financial performance and ESG reporting, and financial research.
- (6) Mediation services in conclusion of commercial transactions for others; industrial ecology services, namely, brokerage, sales representation, and upgrading services for business assets, namely, marketing both business waste (such as biomass as a fuel source) and business inventory for others, and managing the treatment of the materials as needed, so that the assets do not end up in landfills and so that the transactions become new revenue streams for the sellers, thereby elevating outcomes for people, planet and profit while demonstrating the value of industrial ecology as a path to sustainable development (which includes improving community prosperity) ; commercial waste brokerage services; trading services, namely, commodity brokerage services; plant upgrading, namely the production of energy in the form of biofuels and bio-motorfuels using natural seeds and plants.

(7) Arranging and conducting conferences in the field of resource-efficient business operations and sustainable development; association services, namely, providing information to members and the public at large regarding issues relating to policies at community, regional and national levels; providing temporary use of non-downloadable software tools for performance benchmarking of Environment, Social and Governance (ESG) impacts in businesses and public agencies; computer services, namely, providing a computer database for the exchange of information and news about business sustainability performance; electronic data collection and data submission services to a central file in the field of commercial affairs namely, business sustainability performance, and analysis of this data once collected; energy supply procurement for others, namely, assisting organisations in selecting energy suppliers and finalizing the related contracts; human resources services, namely, job candidate search services; online recruiting services, namely, providing searchable job postings; providing news, information, and consultation pertaining to financial and investment matters as they relate to the field of sustainable development; Educational services, namely, conducting exhibitions and workshops in the field of techniques for businesses and people in the areas of sustainability performance, construction, sustainability reporting, environment, social affairs, and all provided via a global computer network; educational services, namely, providing non-downloadable online publications, in the nature of online tutorials in the fields of business, sustainable development, and news via web sites, and streaming audio and video; computer services, namely, providing a computer database for the exchange of information and news about the production of chemicals, fuels and electrical energy, metals, electronics and software, vehicles, plastics, leather and fashion accessories, furniture, fabrics, apparel and accessories; computer forums and databases for the exchange of information and news about printing and the production of paper products; computer forums and databases for the exchange of information and news about food production; consulting and information services to the chemical, fuels and electrical energy, metals, vehicle, printing and paper products, plastics, leather, furniture, fabrics, apparel and fashion accessories, food production, mining, transport, utilities and tourism sectors; computer services, namely, providing a computer database for the exchange of information and news about mining, transport, utilities and tourism.

(8) Arranging and conducting networking opportunities and events for citizens, business people and policy analysts; computer services, namely, providing a computer database for the exchange of information and news about the production of primary foods; consulting and information services to the primary food production sectors; computer services, namely, providing a computer database for the exchange of information and news about the production of technological and design services.

(9) Consulting and information services to the advertising sector, namely, services to assist producers of advertising services in becoming more operationally effective and more responsible in terms of impacts on people, planet and community prosperity; technical consulting in the field of internal and external communication using applied research to assist public relations professionals in creating authentic and effective messages that work better for their clients and society.

(10) Analysis services, namely business information services in the field of sustainable development, business process management, and business technology; consulting and information services to the sales and distribution services sectors; computer services, namely, providing a computer database for the exchange of information and news about sales and distribution services.

(11) Consulting and information services to the building management and construction sectors; computer services, namely, providing a computer database for the exchange of information and news about building management and construction.

(12) Consulting and information services to the computer hardware and software services sectors; computer services, namely, providing a computer database for the exchange of information and news about the production of computer hardware and software services. Consulting and information services to the construction materials sector; computer forums and databases for the exchange of information and news about the production of machines, tools and construction materials.

(13) Computer services, namely, providing a computer database for the exchange of information and news about the production of lumber; consulting and information services to the forestry sector; Computer services, namely, providing access to databases to enable real-time interaction between computer users about best practices and lessons learned, namely, providing temporary use of non-downloadable software tools for displaying data visualizations and 3D surfaces in ordinary web browsers to facilitate stakeholder collaboration, for enabling citizens, business managers, researchers and policy analysts to seek, share, challenge and improve data, files and industry best practices, and for enabling industry researchers and subject-matter experts to find each other based on a plurality of factors and then collaborate in private discussion groups; providing information to the fields of information technology and computer systems, namely, information about how makers of each can be more effective and responsible in terms of impacts on people, planet and community prosperity.

(14) Legal services, namely, organization of the handling of legal issues by external legal consultants.

(15) Consulting and information services to the hospitality sector; computer services, namely, providing a computer database for the exchange of information and news about the production of temporary accommodation, food and drink services.

(16) Association services, namely, administering international research grant programs; providing grants and direct technical assistance to non-governmental organizations in the field of sustainable development.

(17) Association services, namely, business administration of organizations, and projects that further the interests of association members; association services, namely, administering educational and professional exchange programs in the fields of business and sustainable development; association services, namely, promoting ethical practice, technical competency and professional standards; accounting services, namely, sustainability auditing, tax preparation, and bookkeeping; business marketing consulting services; market research services, namely, conducting business, and opinion poll surveys in the field of public affairs, leisure, and commercial affairs; electronic data collection and data submission services to a central file in the field of cultural activities, and analysis of this data once collected; providing statistical information for research purposes; procurement services, namely, purchasing office furniture, telephone equipment, oilfield equipment for others; business project management in the fields of specification relating to business process design, namely, need analysis and implementation; analysis services, namely audit services in the fields of account auditing and energy auditing; commercial and industrial business management assistance; outsourcing services, namely, customer and technical service to the clients of others; operation of loyalty and incentive systems for others; business centre services, namely, leasing and renting telephone and office equipment; business centre services, namely, providing office facilities featuring integrated telephone and computer data systems for others; business centre services, namely, providing services relating to the operation of offices, namely, secretarial and clerical services; business centre services, namely, providing facilities for business meetings; human resources services, namely, personnel management consulting; online recruiting services, namely, providing searchable resume postings; advertising agency services; advertising

services, namely, providing coupons for goods and services offered by others; advertising services, namely, creating corporate logos for others, creating corporate and brand identities for others; rental of advertising space; public relations services; and arranging and conducting trade shows in the field of sustainable development and business in the fields of sustainability performance, sustainability reporting, investing, construction, infrastructure, workplace safety, environment, and social affairs; lawyer referral services; arranging and conducting marketing promotional events for others; brokerage, sales and commercial representation services for business products and services; online retail store services in the field of general merchandise, office supplies and construction supplies; retail store services in the fields of general merchandise, home furnishings, floor coverings, housewares, apparel, leather goods, fashion accessories, jewellery, cosmetics, consumer foodstuffs, audio and video goods, mobile connectivity, photography, vehicle parts, hardware, agricultural goods, and office supplies; retail store services, namely eyewear retailing; retail store services, namely, food kiosks; dealer services in the field of vehicles and agricultural equipment; wholesale stores in the field of machine parts, computers, and audio and video goods; import and export services; business process design consulting; consulting and information services to the business management and office services sectors, namely, services to assist producers of each in becoming more operationally effective and more responsible in terms of impacts on people, planet and community prosperity; computer services, namely, providing a computer database for the exchange of information and news about advertising, business management and office services; Not-for-profit fund-raising services for others; providing grants for research programs; monetary exchange services; financing of venture capital, namely, venture capital funding services to emerging and start-up companies; financial planning services; mutual fund brokerage services; mutual fund portfolio management services; investment management services; pension fund services; trading services, namely, electricity brokerage services to retail users; trading services, namely, equity brokerage services; lending services, namely, credit card services, factoring services, pawn broker services, mortgage lending services; electronic funds transfer services; financial transaction services, namely, providing secure commercial transactions and payment options using a global computer network; real estate management consultation; leasing, management, and rental of commercial property; business centre services, namely, leasing and renting space within managed offices; consulting services in the field of fiduciary compliance; consulting and information services to the financial services, real estate and insurance sectors; computer services, namely, providing a computer database for the exchange of information and news about financial services and financial transaction services; installation services, namely, installation of exterior siding, windows, flooring, and HVAC systems; installation and repair of machines, namely, solar collectors, wind turbines, injection molding machines and extruders, environmental control systems, emission control systems, industrial ovens, air conditioning systems, smelting works, industrial robots, office machines, drilling rigs, and machinery for the graphics industry, namely, printing presses; installation and repair of equipment for regulating and measuring power generation; installation, repair, maintenance of computer hardware; outsourcing services, namely, providing installation and repair services to the clients of others in the field of computer servers and other computer hardware; outsourcing services, namely, providing IT helpdesk services to the clients of others; cleaning and repair of clothing; leather repair; shoe repair; furniture restoration; repair of tires by retreading or vulcanization; maintenance and repair of timepieces; servicing of vehicles, namely, vehicle repair and maintenance for cars and trucks, namely, fluid changes, part replacement, and interior and exterior cleaning; vehicle refuelling service; airplane maintenance and repair; real estate property development; property management; building maintenance; disinfection services for residential and industrial restorations; construction management consultation; construction management services, namely construction planning, and construction supervision; building construction, namely, custom construction of

residential and commercial buildings for others; building construction services, namely, masonry work, plastering and plumbing work, electrical services, roofing services, building damp-proofing, and waste disposal; plant construction; watercraft construction; construction equipment rental; construction demolition; civil engineering; pipeline construction; well services, namely, drilling, maintaining, and shutting in wells; mining; extraction of hydrocarbons; consulting and information services to the pipeline, well service and repair sectors; computer services, namely, providing a computer database for the exchange of information and news about pipelines, well service, installation and repair; Telecommunication services, namely, radio communication services, namely, wireless voice and data services, geolocation services, radio broadcasting services, television broadcasting services; telecommunications services, namely, audio and video teleconferencing services, namely, connecting callers in conference calls, and telecommunications services provided via prepaid telephone calling cards; telecommunication services, namely, electronic mail services; telecommunication services, namely, electronic transmission of images and data via computer and a global computer network, namely, transmission of webcasts, transmission of podcasts, transmission of information to news reporting organizations, internet education broadcasting, instant messaging services, providing user access to the Internet, providing VOIP voice services, providing on-line forums for transmission of messages among computer users on a wide range of topics, providing online storage of data, and providing printing-over-IP (POIP) services; Telecommunications services, namely, electronic transmission of images and data via computer and a global computer network, namely, audio and video broadcasting services in the field of resource-efficient business operations and sustainable development; consulting and information services to the field of telecommunications, namely, services to assist telecom providers in becoming more operationally effective and more responsible in terms of impacts on people, planet and community prosperity; computer services, namely, providing databases for the exchange of information and news about the production of telecommunication services; Freight forwarding services; Supply chain logistics services, namely, coordinating the storage, transportation and delivery of goods for others by air, rail, ship or truck; warehouse planning services; transportation services, namely, transportation of passengers by air, land and sea, transportation of goods by air, land and sea, and transportation of fuel via pipeline, rail or truck; port services, namely, airport services and seaport services, namely, safely disposing of waste from aircraft and watercraft, and facilitating the loading and unloading of their passengers, freight and provisions; cargo handling services; vehicle rental; courier services; vehicle towing; utility services, namely, transportation of water and waste; transmission of electricity in municipalities and rural areas; waste transportation, namely, waste collection and transportation services; waste storage; rental of storage containers; storage services; storage services, namely, electronic data archiving services; packaging services; travel services, namely, providing information and advice about excursions and transportation; travel services, namely, conducting excursions; travel agency services; consulting relating to foreign travel for study; consulting relating to visa applications; consulting and information services to the packaging and logistics sectors; computer services, namely, providing a computer database for the exchange of information and news about packaging and storage of goods; water treatment; air treatment; gas treatment; waste treatment; recycling of waste materials; incineration of waste materials; generation of electrical power from wind, water, solar, geothermal and biomass sources; generation of energy from the conversion of waste, namely, energy generation by way of the treatment and incineration of solid and hazardous waste materials; decontamination of hazardous materials; materials treatment, namely, parts manufacturing to the order and specifications of others; metal treatment, namely, millworking and metal casting; welding; electroplating; rubber treatment, namely, regenerating rubber from recovered tire and post-industrial scrap rubber; sand treatment, namely, upgrading sand to glass and silicon; glass treatment, namely, glass lens adjustment and glass grinding; glass treatment, namely, glass blowing and applying photosensitive

films to glass; cement treatment to seal cracks and for decorative purposes; applying finishes to textiles; applying finishes to textiles, namely, leather dyeing and working; tailoring; pottery firing; framing of works of art; custom manufacture of displays for retail stores; plant processing, namely, converting algae and organisms to biofuels; plant processing, namely, extracting phytochemicals from plants; plant upgrading, namely, producing compostable plastic containers; plastic treatment, namely, plastic lens fitting and parts molding, namely injection molding; production of energy, namely, biofuels from industrial and agricultural by-products and waste products, and from landfill gases; coal processing; oil processing; well treatment; manufacture of furniture for others; wood treatment, namely, woodworking, namely, mechanical treatment of wood, timber felling and processing; book binding; report production, namely, printing and binding reports for others; printing, namely, printing of packaging material, and offset printing, lithographic printing, silkscreen printing, and pattern printing; printing, namely, photographic printing with alteration and retouch of photographic images; bottling of water and soft drinks; custom bottling for third parties; contract winemaking services; manufacturing services of foods for others; food canning; consulting and information services to the materials treatment sector; computer services, namely, providing a computer database for the exchange of information and news about material treatment; Educational services, namely, conducting courses and group discussions in a physical lecture setting in the field of sustainability performance, construction, sustainability reporting, environment, social affairs, and distributing course materials in connection therewith; educational services, namely, conducting educational and professional exchange programs relating to business and sustainable development; educational services, namely, providing course materials to schools that provides their students with simulations or real-world business experiences to better prepare students for entering the workforce; educational services, namely, counselling services, namely, instruction in the field of nutrition and training in physical fitness; information and entertainment services, namely, rental of films, books, and movies; information and entertainment services, namely, organizing exhibitions and live musical performances; information and entertainment services, namely, production of dramatic and documentary content to be distributed via radio, streaming audio and video, and cable television; entertainment services, namely, rental of audio-video equipment; entertainment services, namely, operating recreation facilities; information and entertainment services; namely, providing on-line computer games; entertainment services; namely, arranging appearances by entertainers; entertainment services, namely, arranging for ticket reservations for shows or other entertainment events; entertainment services, namely, profiling leisure activities; news agency services, namely, gathering and dissemination of news; athletic services, namely, operating golf courses; athletic services, namely, arranging sporting competitions; athletic services, namely, operating exercise facilities; cultural services, namely, organizing exhibitions for cultural purposes; publishing services, namely, desktop publishing for others; publishing services, namely, printed publications and publishing of magazines by electronic means via a global computer network (in the fields of sustainability performance, sustainability reporting, investing, construction, infrastructure, workplace safety, environment, and social affairs); publishing services, namely, publication of books and magazines on health and fitness; gaming services, namely, lotteries and casinos; computer services, namely, providing a computer database for the exchange of information and news about a wide range of topics; Scientific research and consultation, namely, providing industrial analysis and research; engineering consulting in the fields of environmental remediation, and waste water purification and disposal, civil engineering and architectural design services; management of environmental remediation; geological research and analysis; materials analysis, namely, the testing and evaluation of ores, plastics and potentially hazardous materials; monitoring operational outcomes for others; providing temporary use of non-downloadable software tools for administering research programs in the fields of business, and sustainable development; providing temporary use of non-downloadable software tools for

distributing newsletters; consulting in the areas of computer systems and information technology; computer services, namely, creating websites for others; computer services, namely, managing websites for others; managed software hosting for others; providing data backup and restoration services for the electronic data of others; application service provider services, namely, providing integrated telephone and computer data systems for others; managed device hosting for others; graphic arts designing; consulting and information services to the technical and industrial analysis services sectors as well as to the coatings, detergents, home and personal care, lubricants, medical and pharmaceutical materials, machine manufacturing, tool, optical products, medical instruments, waste treatment equipment, HVAC equipment and appliances, vehicle accessories sectors, incendiary products, watches and jewellery, musical instruments, packing materials, rubbers and insulation, household goods, fiber materials, yarns and threads, textile fasteners, floor coverings and wall hangings, toys and athletic goods, condiments and confections, beverages, alcoholic beverages and smokers' articles sectors; computer services, namely, providing a computer database for the exchange of information and news about the production of coatings, detergents, home and personal care materials, lubricants, medical and pharmaceutical materials, optical products, medical instruments, waste treatment equipment, HVAC equipment and appliances, vehicle accessories, incendiary products, jewellery and watches, musical instruments, packing materials, rubbers and insulation, household goods, fiber materials, yarns and threads, textile fasteners, floor coverings and wall hangings, toys and athletic goods, condiments and confections, beverages, alcoholic beverages and tobacco and smokers' articles; computer services, namely, providing a computer database for the exchange of information and news about engineering and the environment; computer services, namely, providing a computer database for the exchange of information and news about the production of industrial analysis and research services; Reservation of guest rooms for host properties; travel agency services; providing temporary accommodation, namely, meeting and social function facilities, lodging to people, lodging to pets, campground facilities, day care services, retirement home services; services for providing food and drink, namely, café services, restaurant services, catering services, bar services; Medical services, namely, medical research, physical therapy services and therapeutic massage, sports medicine and rehabilitation services, chiropractic services, nursing services, nursing home services, and midwife services; medical services, namely, pharmacy services, namely dispensing prescriptions and assisting patients with medication compliance and adherence; medical services, namely, X-Ray and radiology services, and surgical services; medical services, namely, dental services, namely, dentistry and dental hygienist services; medical services, namely, providing medical care, medical examination services, vaccination services and hospital services; medical services, namely, laboratory services (namely, saliva testing), telemedicine services, (namely, providing medical information by telephone); medical services, namely, counseling in the field of nutrition and physical fitness; medical services, namely, optician services and vision testing; medical services, namely, hearing services; renting of medical equipment; alternative medical services, namely, acupuncture and nutrition counseling; psychological counseling; hygienic and beauty care for human beings, namely hair and beauty salon services; spa services; laser skin rejuvenation services; agriculture services, namely, agriculture consulting services, pest control services and land reclamation services; forestry services, namely, forestry consulting services and pest control services; landscaping services, namely, landscape gardening design for others; horticulture services; animal husbandry services; veterinary services; hygienic care for animals; consulting and information services to the medical and beauty care sectors; computer services, namely, providing a computer database for the exchange of information and news about the production of medical, spa, agriculture, horticulture, forestry, and animal services; Mediation of disputes between two parties; legal services; reviewing standards and practices to assure compliance with environmental, public financial market, and building code regulations; security

services, namely, security consulting, namely, providing information concerning security; security services, namely, investigation services, monitoring services, geotracking services, and security guard services; security services relating to computerized data, namely, monitoring of computer systems for security purposes; security services, namely, providing information concerning personal safety; non-medical personal care assistance for activities of daily living for mentally and physically challenged people, namely bathing, grooming and personal mobility assistance; personal services for others, namely, personal chef services and personal concierge services, namely concierge services comprising running errands, mail handling, clerical services, and providing client-specific information and introduction services; consulting and information services to the legal , security and personal services sectors, namely, services to assist producers of each in becoming more operationally effective and more responsible in terms of impacts on people, planet and community prosperity; computer services, namely, providing a computer database for the exchange of information and news about the production of mediation, law, security and personal services.

CLAIMS

Used in CANADA since April 2008 on services (1); May 2008 on services (2); June 2008 on services (3); September 2008 on services (4); October 2008 on goods (1); January 2009 on services (5); April 2009 on services (6); June 2009 on services (7); November 2009 on services (8); February 2010 on services (9); March 2010 on services (10); May 2010 on services (11); September 2010 on services (12); October 2010 on services (13); February 2011 on services (14); May 2011 on services (15); June 2011 on services (16). Proposed Use in CANADA on goods (2) and on services (17)

FLORENCE BROADHURST

GOODS

Artificial eyelash adhesives; anti-perspirant and personal deodorant; bar soaps; household detergents; non medicated preparations for the care of skin and hair; scented preparations, namely , scented oils and fragrances; make up pencils and scented cosmetics; essential oils for personal use; cosmetics; cosmetic wipes; cotton wool, cotton wool pads, cotton buds; eye make-up; essences for the manufacture of perfume; hair removal preparations; laundry bleach; all-purpose cleaning preparations; depilatory wax; surgical bougies; candles; all-purpose lubricants; fuel oil; electric control panels; electric generators; electric power generators; electric motors for machines; weighing instruments, namely scales and balances for weighing liquids, solids and bulk materials; apparatus for recording audio signals, namely tape recorders for recording audio signals on tape and reproducing audio signals from tape; audio recording apparatus namely, apparatus for recording sound or images, namely, CD and DVD burners and recorders; audio recording instruments namely instruments for recording sound or images, namely CD and DVD burners and recorders; compact discs and digital video discs namely blank audio compact discs, blank compact discs, compact discs containing music, pre-recorded compact discs containing music, blank digital videodiscs, digital videodiscs containing music; vending machines; fire extinguishers; laboratory slides; photographic slide transparencies; electronic newsletters; electronic newspapers; electronic periodicals; electronic books; computer software to enhance the audio visual capabilities of multimedia applications for the integration of text, audio, graphics, still images and moving pictures; downloadable images; bicycle helmets; sports helmets; reflective safety vests; safety boots; safety goggles; electric generators; electric motors for machines; electric power generators; electrical conductors for electric motors; audio tape recordings; CD music recordings; DVDs containing movie recordings; pre-recorded video cassettes; blank magnetic disks, blank magnetic tapes; optical disks, magneto-optical disks, CD-ROM and DVD-ROM carrying graphics and text data of magazines, books, newspapers, maps, photographs and drawings; cinematographic film, cinematographic projection apparatus namely high and low intensity lamp housings, mirrors, sound heads, amplifiers, loudspeakers, rectifiers, saving stabilizers, lenses, film spools, rewinders, screens, automatic film developers and parts and fittings therefor; computer software for optical character recognition; optical character readers (OCR); blank optical discs; blank CD-ROMs; CD music recordings; microfiche; data processing equipment, namely computers; computer programs for data-processing equipment and computers and parts and elements of the aforementioned goods, namely e-commerce software to allow users to perform electronic business transactions via a local (intranet) and a global computer network; interactive multimedia apparatus and instruments

namely, pre-recorded digital CD-ROM disks featuring pictures, images, text and sound downloadable multimedia news podcasts; downloadable multimedia news webcasts; downloadable multimedia news weblogs; databases for use in diagnosis, repair and configuration of computers; instructional, educational and teaching apparatus and instruments namely, instructional and training materials, namely books, posters, CDs or instructional and teaching material namely, instructional and training materials, namely, books, posters, CDs all relating to fashion design and home decoration for computer software and hardware products, computer servers and network-attached storage systems; instructional and teaching material, namely, online instructional and training materials relating to fashion design and home decoration, online glossaries, online tutorials, online brochures, electronic instructional and training materials; downloadable electronic publications in the nature of fiction and non-fiction books, children's books, magazines, newspapers, journals, periodicals, manuals and guidebooks on a variety of topics; apparatus for lighting, namely electric light fittings, namely diffusers, dimmers, light switches; apparatus for heating, namely electric room heaters and thermostats; apparatus for steam generating, namely electric cookers and electric steamers; apparatus for refrigerating, namely refrigerators and freezers for domestic use; apparatus for drying, namely, clothes dryers for domestic use; apparatus for ventilating, namely ventilating fans for domestic use; apparatus for water supply and sanitary purposes namely taps, sinks, toilet bowls, bathtub and shower enclosures, bath and shower fittings; grates, namely furnace grates; kitchen extraction hoods; bathroom fittings in the nature of furniture; bathtubs; hot air bath fittings; shower fittings; hand dryers; disinfectant soaps; disinfectant toilet bowl cleaners; covers for baby carriages; metal transport trolleys for implements; precious metal articles namely jewellery made of precious metals; precious stones and articles namely jewellery made of precious stones; horological instruments, namely wristwatches and pocket watches; boxes, namely, gift boxes made of paper, paper boxes, cardboard boxes, file boxes, jewellery boxes, pencil boxes, stationery boxes, storage boxes, tool boxes, toy boxes and hat boxes; ornaments of precious metals namely jewellery ornaments of precious metals; chronometric instruments namely, clocks, watches, pocket watches, wristwatches, and parts thereof, namely, watch straps of leather, watch straps of metal, watch dials, watch movements, winding mechanisms, watch clasps, watch hands and watch cases excluding table clocks and wall clocks; musical instruments namely electric stringed, percussion, keyboard, brass winds and wood wind musical instruments and parts and fittings for these musical instruments; printed matter, namely printed patterns for dressmaking, printed patterns for costumes, printed textile piece goods, books and magazines in the field of fashion design and home decoration; document files (stationery); stationery namely pens, pencils, markers, notebooks, binders, paperweights, erasers, key rings; adhesive for stationery (adhesive substances); wrapping paper; material for artists, namely, paintbrushes, paint, easels, crayons, clay, painting implements, namely, paint brushes, paint rollers, sponges for use in applying paint, paint roller sleeves, tin openers, paint trays, liners for paint trays, cutting guides, sleeves, masking tape, painting gloves, cheese cloth, brush racks, paint spray guns, protective sheets, rags, cloths, paint mixers, pouring spouts, splatter guards, colour selectors, stirring sticks, litho nibs, brush and roller cleaners, pads for finishing, painting sponges and brushes; paint colour-mixing machines, instruments for mixing paints, paint remover tools, paint-spraying equipment and paint spray guns; albums namely photograph albums, scrapbook albums, wedding albums, communion albums, baby albums, autograph albums, postcard albums, reception albums, stamp albums, confirmation albums, poetry albums; plastic bags for household use; drawing boards; engravings; plastic and paper refuse bags; address labels; adhesive labels; gummed labels; paper labels; plastic labels; stationery labels; greeting cards; clay for use as building material; modelling clay; office machine ribbons; office rubber stamps; luggage straps; saddlery; Furniture namely, office furniture, school furniture, hospital furniture, namely, hospital beds, seminar room furniture, namely, conference tables, stackable chairs, whiteboards, mobile seminar tables, lecterns, folding tables, lecture hall

furniture, conference room furniture, meeting room furniture, welfare furniture, namely, chairs, tables, armchairs, sofas and beds designed for the elderly and disabled, reception area furniture; furniture for house, namely, kitchen furniture, bedroom furniture, living room furniture, dining room furniture, home office furniture, den furniture; hand held mirrors; convex security mirrors; removable mats and covers for sinks; washstands; baskets namely bread baskets, flower baskets laundry baskets, picnic baskets, sewing baskets, gift baskets containing cosmetics, gift baskets containing fresh fruits, gift baskets containing plush toys; broom handles; cabinet work; clothes hooks; coatstands; curtain hooks; curtain rails; curtain rings; curtain rods; curtain rollers; curtain tie-backs; embroidery frames; fans for personal use; bed fittings; non-metallic door fittings; window fittings namely decorative edging strips of plastic for use with window fittings, decorative edging strips of wood for use with window fittings; food hampers; hat stands; magazine racks; mattresses; mirror tiles; screens namely artificial safety screens, fireplace screens, window screens; umbrella stands, statuary; writing desks; display counters; flower vases; fresh flower arrangements; meal trays; serving tray; desk trays; cutlery trays; china ornaments, Christmas ornaments, crystal ornaments, glass ornaments, hair ornaments, shoe ornaments, cardboard boxes, decorative boxes, jewel boxes, jewellery boxes, letter boxes, lunch boxes, music boxes, paper boxes, pencil boxes, recipe boxes, soap boxes, storage boxes, tissue boxes, trinket boxes, wooden boxes; cooking utensils; porcelain creamers, ceramic bread plates; bone china bowls and bone china mugs; porcelain napkin holders; porcelain vases; porcelain ramekins and dolomite spoon rests; porcelain cake plates; porcelain egg cups, ceramic egg cups and porcelain mixing bowls; ceramic lotion dispensers; porcelain sugar bowls and porcelain pitchers; ceramic divided hors d'oeuvres plates; stoneware espresso cup and saucer, porcelain mugs, ceramic mugs and dolomite mugs; porcelain escargot dishes and porcelain pizza plates; porcelain gravy boats; porcelain sauce cups; porcelain sugar jars; porcelain cereal bowls and ceramic cereal bowls; stoneware mugs; ceramic bakeware; porcelain dinner plates and ceramic dinner plates; ceramic reactive glaze mugs, ceramic reactive cereal bowls, stoneware bowls and two section porcelain condiment dishes; porcelain bowls, ceramic bowls, porcelain serving platters, porcelain serving plates, ceramic serving plates, dolomite serving plates, porcelain serving bowls, ceramic serving bowls, half-moon shaped porcelain plates, three section porcelain serving trays, porcelain ashtrays and ceramic ashtrays; tea services; coffee services; drinking cups; drinking flasks; drinking fountains; drinking glasses; abrasive sponges for kitchen use; all-purpose scouring sponges; bath sponges; basting brushes; clothes brushes; cosmetic brushes; hair brushes; lint brushes; manicure brushes; nail brushes; pastry brushes; all-purpose cleaning preparations; unworked glass; semi-worked glass; bowls, basins, tools and utensils for kitchen use, namely, cookware, pots, pans and other cooking accessories; baby bottles; eye wash bottles; hot water bottles; ink bottles; oil bottles; perfume bottles; plastic bottles; water bottles; hot tubs; rinsing tubs; plastic buckets and pails; metal buckets and pails; non-electric coffee makers; cosmetic kits; cruet stands; porcelain tableware, ceramic tableware, glass tableware, pewter tableware, stainless steel tableware and other tableware, namely teapots, drinking glasses, rice wine cups, dishes, plates, salad bowls, jubako (tiered food boxes), rice bowls, dish covers, decanters, tokkuri (sake bottles), bowls, basins, beer mugs, lunch-boxes, jugs, pitchers, tea cups, bowls, cans for confectionary, casks, kegs, canisters (tea caddies), crocks, jars, urns, bread boxes; serving trays; baskets namely flower baskets, hampers, picnic baskets, sewing baskets, waste paper baskets, plant baskets, log baskets, laundry baskets, hanging plant baskets; earthenware and glass ornaments; decanter stands other than those made of paper and fabric; textile products namely, fibres for use in cushions, drapes, curtains, curtain trims, furnishings, linings for curtains, drapes, fire resistant textiles, fade resistant textiles and textile products incorporating fragrances; textile fabrics; plastic reinforced fabrics; polyester fabric; nylon fabric; textiles for carpets; textiles for clothes; textiles for footwear; textiles for furniture; bath linen; kitchen linen; bed linen; table linen; underclothing, sleeping garments, stockings, tights, aprons, smocks, baby pants, bibs, swimwear,

gloves, mittens, layettes, scarves, sashes, shawls; footwear namely boots, shoes, slippers, socks; headgear namely bathing caps, ear muffs; garter belts; haberdashery namely labels, tags, lining, shoulder pads and inserts; embroidery design pattern; hardware and accessories for creating handbags and purses, namely interfacing, piping, stabilizers, templates, snaps, rings, basting tapes, latches, decorative items namely ribbons, corded trims, bag feet, studs, clasps, buckles, cord adjustors, cord stoppers, eyelets, grommets, rivets, nailheads and cabochons; safety pins; knitting needles; embroidery needles; sewing machine needles; clothes hooks; garment hooks; baby multiple activity toys; bath toys; beach toys; children's multiple activity toys; crib toys; educational toys; gift baskets containing plush toys; mechanical toys; musical toys; pet toys; plush toys; pull toys; sand toys; ride-on toys; small toys; squeezable squeaking toys; action skill games board games card games party games role-playing games table top games; gymnastic mats; gymnastic parallel bars; gymnastic shoes; gymnastic training stools; rhythmic gymnastic hoops; sports equipment, namely basketballs, footballs and inflation needles; novelty buttons; novelty hats; novelty pins; fruit preserves; eggs; vegetables; gelatine for food; dietary supplements, namely, protein dietary supplements; health food supplements for persons with special dietary requirements; fruit and vegetable juices and purees; concentrated consommés and stocks; bread; confectionery, namely almond confectionery, chocolate confectionery, frozen confectionery, fruit based confectionery, peanut confectionery, sugar confectionery; sweetening products for food, namely, a low-calorie sugar substitute; sauces namely pesto sauce, spaghetti sauce, fruit sauces, tartar sauce, tomato sauce, apple sauce, artichoke sauce, barbecue sauce, cheese sauce, chili sauce, hot sauce, pizza sauce; seasonings namely pasta seasoning, beef seasoning, taco seasoning; flavourings for beverages and foods in liquid, powder or paste form; farinaceous foods, namely flour, bread, bakery and pastry products mainly consisting of sugar and/or cocoa and/or emulsifying agents and/or raising agents and/or ground cereal products, namely processed cereal mixes to produce bread and/or sugar syrup and/or starch and/or syrup and/or honey and if necessary with the addition of nuts and/or almonds and/or dried fruit and/or vegetables also in dried form, noodles, pastas, breakfast cereals; potato flour based snack food; natural and artificial sweeteners for foodstuffs; flour products made of cereals and cereal grains, namely, bread, pastries, breakfast cereals; preparations and concentrates for sauces namely fruit sauces, sweet sauces, savoury sauces, spicy sauces, vegetable sauces, cheese sauces, chocolate sauces, gravy, soya sauces, pizza sauces, pasta sauces, meat sauces, fish sauces and tomato sauces and gravies; non-alcoholic drinks namely, dairy-based non-alcoholic beverages; fruit-based non-alcoholic beverages; vegetable-based non-alcoholic beverages; fruit and vegetable-based non-alcoholic beverages; soy-based non-alcoholic beverages; tea-based non-alcoholic beverages; coffee-based non-alcoholic beverages; fibre and nut-based non-alcoholic beverages; herb-based non-alcoholic beverages; yogurt-based non-alcoholic beverages; syrups and other preparations for making beverages namely powders for making fruit juices, concentrates used in the preparation of soft drinks; sweet drinks prepared with rice and malt namely sikhye powder for effervescing beverages, soda water, syrups for lemonade, tomato juice for beverage, waters, whey beverages; soda water, syrups for lemonade, tomato juice for beverage, waters, whey beverages; alcoholic beverages (except beer) namely, wines, liqueurs and spirit based beverages namely whiskey, rum, brandy, gin, vodka, tequila; hand tools; spectacles, sunglasses, safety goggles, contact lenses, spectacle lenses, sunglass lenses, progressive lenses, coated lenses and lens blanks; lighting fixtures; horological and chronometric goods, namely wristwatches, pocket watches and clocks; musical stringed instruments namely violin, viola, cello, double bass, guitar, banjo, ukelele, mandolin, autoharp, harp, baglama, bajo sexto, balalaika, bandola, bandolin, bandurria, bass guitar, bouzouki, cavaquinho, charango, chaturangi, cuatro, dulcimer, fiddle, guitar, guitarron, kanoun, laud, lute, mandolin, mandobass, mandocello, mandola, oud, requinto, saz, sistil, sitar, stick, tambura, theorbo, tiple, tres, vihuela, viola braguesa, viola d'Amore, Viola da Gamba, and zither; Musical

percussion instruments, namely xylophones; vibraphones; glockenspiels; drums; marimbas; symbols; recorders; stands; seats; sticks; shakers; marching band percussion instruments; percussion synthesizers; harmonicas; Brass wind and wood wind musical instruments namely clarinets, saxophones, flutes, oboes, trombones, french horns, piccolos, trumpets, brass synthesizers; Electric stringed, percussion, keyboard, brass winds and wood wind musical instruments; Keyboard musical instruments namely accoustic pianos; organs; electronic pianos; electronic organs; toy pianos and keyboards; grand pianos; electric grand pianos; church organs; marching band keyboards; musical keyboard synthesizers; keyboard harmonicas, musical boxes, printed matter namely, note paper and loose leaf paper, decals, note cards, bumper stickers, trading cards, folders, posters, calendars, books, and periodical publications all relating to fashion design and home decoration, leather and imitations of leather; agricultural products, namely, unprocessed agricultural produce; horticultural products namely, horticultural mulches.

SERVICES

Developing promotional campaigns for business, namely, publications and sales promotion relating to goods and services offered and ordered by telecommunication or electronically; publicity agency services in the field of fashion design and home decoration; business information services in the field of fashion design and home decoration.

OPTIPURE

GOODS

Chemicals used in the chemical process industry namely chemicals for converting sugars and starches to lactic acid and lactide, and chemicals for use in the manufacture of lactic acid and lactide, and chemicals for use in the manufacture of bioplastics but all of the aforementioned chemicals not including chemicals for the cultivation of monocrystals, and all of the aforementioned chemicals not including chemicals for manufacturing optical glass fibres for optical and electro optical systems, and all of the aforementioned chemicals not for use in the book binding industry; unprocessed artificial resins not for use in the book binding industry; unprocessed plastics not for use in the book binding industry; biopolymers for use in the chemical processing industry, and not for use in the book binding industry.

SERVICES

(1) Treatment of materials, namely material treatment services in connection with bioplastics recycling; treatment of materials, namely waste processing namely converting waste into bioplastics; treatment of materials, namely processing of cellulose and hemicellulose biomass into bioplastics; treatment of materials, namely, converting sugars and starches to lactic acid and lactide; recycling of bioplastics and polymers; information and advisory services in the field of treatment of materials, namely waste processing; information and advisory services in the field of treatment of materials, namely processing of cellulose and hemicellulose biomass; information and advisory services in the field of treatment of materials, namely converting sugars and starches to lactic acid and lactide; information and advisory services in the field of recycling of bioplastics and polymers.

(2) Scientific and technological services namely laboratory research and industrial design in the field of plastics in primary forms, polymers and chemicals for use in the manufacture of bioplastics; industrial analysis of polymers, plastics and chemicals and research services in the field of the treatment of polymers, plastics and chemicals in connection with recycling; information and advisory services in the field of research into the treatment of polymers, plastics and chemicals in connection with recycling.

V

Image Description (Vienna)

- Letters presenting a special form of writing
 - One letter
 - Several shields
 - Shields containing other figurative elements or inscriptions
 - Shields containing inscriptions
 - More than two triangles, inside one another
 - Triangular figures with one or more convex or concave sides
 - Triangles containing one or more letters
 - Triangles with dark surfaces or parts of surfaces
 - Triangles pointing downwards
 - Blue
 - White, grey, silver
-

Trademark Description

The mark consists of a stylized triangular shield whose outer three sides are different shades of blue, suggesting a three-dimensional image, within which is the white outline of a concentric triangle, which in turn contains a concentric solid blue triangle, and at the center of the solid triangle and therefor the entire design is a white stylized letter 'v'.

Colour Claim

Colour is claimed as a feature of the trade-mark. Turquoise, royal blue, medium blue and white are claimed as a feature of the mark.

GOODS

Computer software for enabling the transmission and receipt of electronic mail without leaving an electronic record.

SERVICES

Computer services, namely, providing online non-downloadable software for enabling the transmission and receipt of electronic mail without leaving an electronic record.

Image Description (Vienna)

- Letters or numerals forming geometrical figures, written or typographical matter in perspective
- Letters or numerals forming a circle or a circumference
- Letters or numerals forming any other polygon (surface or periphery)
- Segments or sectors of circles or ellipses with one or more triangles and/or lines forming an angle
- Segments or sectors of circles or ellipses with one or more other polygons
- Sectors of circles or ellipses (except 26.2.7)
- Circles
- One circle or ellipse
- Several triangles, juxtaposed, joined or intersecting
- Triangles with dark surfaces or parts of surfaces
- Red, pink, orange
- Black

Colour Claim

Colour is claimed as a feature of the trade-mark. The object on the left is red, and the object on the right is black.

GOODS

Conveying and transport machines, namely, machines for conveying solids; conveyers; conveyor belts; transportation, namely, industrial robots for use in material transportation, lifting installations assembled from the aforesaid goods, namely, elevated platforms for the transport of persons and goods; electromechanical lifting apparatus, namely, lifting columns; tables for machines, namely, ball transfer table units; parts for the aforesaid goods, namely, ball valves; electric and electromechanical drives for machines, except for land vehicles; electrical engines for machines

other than for land vehicles, namely, electrical engines for aircrafts, submarines and ships; electromechanical hand-held tools, other than hand-operated, namely, battery actuated hydraulic crimp tools; parts for injection moulds, namely, mould cores for use in the manufacture of plastic parts; linear guides, being parts of machines for supporting load in equipment where linear motion exists; adjusting units, being parts of machines, positioning devices and drives, being parts of machines, mainly consisting of guides and slides, and drive units for the slides parts of machines, the aforesaid goods in turn consisting of electric motors having gearing or handwheels and spindles or pneumatic cylinders or hydraulic cylinders; parts for the aforesaid units, namely, gears, couplings, switches and joints, being parts of machines; hydraulically or pneumatically operated cylinders being parts of machines for clamping workpieces; lifting columns being parts of machines for adjusting work platforms; crankcases for machines, motors and engines, not for land vehicles; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and/or controlling electrical current, namely, electrical converters and electrical circuits; scientific, surveying, optical, weighing, measuring, signalling, checking, supervision apparatus and instruments, namely, radars; electronic lock assemblies, namely, electronic locks, electronic remote locks and electronic remote control pads, electronic lock cylinders, electronic key pad locks, electronic keys, electronic key cards, electronic or magnet access control cards, key card readers, electronic or magnetic access control card readers, units for programming locks, lock cylinders, keys, key cards and key card readers; substrates for electric and electronic components, namely, ceramic foils in the nature of circuits for electrical conduction; mounting racks adapted for electrical and electronic computer hardware; housings, namely, electric fuse boxes for electric and electronic apparatus, distribution boxes and switch cabinets, control panels and consoles, electricity, of metal and/or plastic for the installation of electric, electronic, electromechanical, pneumatic and/or hydraulic components, assemblies or apparatus; miniature housings of metal with glazed electrical conductors for holding hybrid circuits; wall, table and fitted housings and portable manual operation housings for automation, control technology, measurement technology and regulation technology and for data capture and data processing; viewing window inserts, display devices and components, being parts for the aforesaid goods for functional operation and/or for data input and data output and plug-type connectors and screwed cable glands for storage, processing and display of information, contained on foil sheetings and foil bands; electrical and electronic components, assemblies and equipment for power engineering and telecommunication engineering, namely, electric, electronic and electromagnetic switches; keyboards, including membrane keyboards; encoded electric switches, switchboards and automatic switching apparatus; electric plugs, plug-in connectors and electrical terminal blocks; electric counting apparatus, namely, electrical pulse counters and adding counters; electric components, namely, voltage regulators in the nature of voltage dividers, potentiometers and adjustable apparatus for supplying a load, namely, resistance decades; laboratory furniture, namely, laboratory benches, parts for the aforesaid goods; electric and electronic transformers; power supplies for the conduction of electrical energy; rechargeable battery packs; electric switch mode power supply modules; transformers; electrical and electronic integrated control systems namely, amplifiers, switchers, switches, signal splitters, signal distributors, keypads and control panels, for use in the field of custom manufacturing; electric and electromechanical components, namely, controls for use in controlling hydraulic and pneumatic machines; optical electric components and optical electric indicators and parts therefor, namely, video monitors; electric and electronic devices, namely, chokes and filters, planar components, transponder coils, fixed inductors, safety transformers; electric actuators; electric and electromechanical obstruction sensors consisting of detectors, measuring apparatus and apparatus for the output of electrical signals; electric equipment, namely, circuits for reducing or shutting down energy consumption and decoupling from the mains; computer software for use in reducing or shutting down energy consumption and decoupling from the mains; batteries; magnetic encoders;

electronic controls, namely, for automated systems for monetary transactions; coin selectors, namely, coin counting or sorting machines; electric junction branch boxes; connectors for electric and optical lines; metal detectors; diagnostic apparatus for testing food, namely, mass spectrometers; electric cables; electric contacts; couplers, namely, electric and optical couplers for use in data processing; couplings, namely, electric and optical couplings; measuring apparatus, namely, electric coordinate measuring machines used for the industrial measuring of metal; granite measuring tables for coordinate measuring machines used for the industrial measuring of metal; goods, namely, apparatus for optical data transmission; optical fiber cables; test equipment and test tables, namely, test adapters for testing printed circuit boards; electronic publications, namely, books featuring electrical systems recorded on computer media; circuits, namely, electronic integrated circuits; distribution web consoles; switchboards; switching circuits, namely, printed circuits; circuit breakers; blank smart cards; spools, namely, electrical coils and electromagnetic reels for electric wire; coil holders for electric coils; plugs, sockets and other contacts for electric connections; covers for electric outlets; electric pins for testing printed circuit boards; surveillance apparatus, namely, electric and electronic video surveillance installation; optical and electrical connectors; electrical and electronic couplings; fiber optic couplings; cable junction sleeves for electric cables; electrical distribution boxes; distribution boards for electricity; electrical plug adaptors; parts and fittings for the foregoing, namely, sealing profiles for circuit board edge seals and for drilled holes, universal interfaces, standard interfaces, micro-switches, personality pins, interface contacts, exchangeable disc sets, stroke counters, pasted plates, mounting brackets for standard interfaces, gas pressure springs, vacuum hoses, counter-pressure springs, test piece bearing plates, stroke limiting discs, spring contacts, junctions, sleeve insert tools, quick closures, flap holders; connector systems, consisting of plugs, headers for electric connectors and printed circuits; non-metal fastening supports and pre-fabricated support and fastening elements of plastic, namely, retainers and clips, for fastening apparatus of all kinds, namely, housings, cabinets, control panels, distribution boxes and control cabinets, desks and electronic data processing apparatus, and for fastening guardrails, supporting structures and mounting frames in machine and installation construction; non-metal parts for coordinate measuring machines, namely, profiles and pipes and plastic in the form of profiles for the construction of spatial and structural rack frames, accessories for non-metal profiles and pipes, namely, planar elements being construction materials in the form of panels of wood, coated wood substitutes, plastics and glass.

SERVICES

Metal processing for the production of customized enclosures namely, machine control and distribution cabinets, control panels and consoles as well as device carries and prefabricated supporting and mounting elements for equipment and electronics in mechanical engineering and measurement and control technology applications; glazing of electrical lines; material processing of glass-metal connections; custom production of industrial injection moulds and tools for third parties, injection and/or pouring of plastics, packaging (contract production for third parties) of finished products using housings, control panels, control and distribution cabinets; printing; materials processing of ring cores, namely laminating and varnishing of ring cores for third parties.

PEOPLE.EQUIPMENT.SOLUTIONS

GOODS

Liquid and vapor filtration media, for use in the oil and gas, pipeline, refinery, construction, environmental remediation, mining, logging, manufacturing and municipal installations industries, namely, activated carbon for use in connection with the removal of contaminants from vapor and liquid streams, namely construction runoff, wastewater, frac water, volatile organic liquids, slurries, caustics, and chemicals from industrial processes and the like, activated carbon and zeolite based media impregnated with chemical reagents used for the removal of inorganic contaminants from sources namely construction runoff, wastewater, frac water, slurries, and caustics and the like; ion exchange resins used to remove perchlorate and dissolved metals from construction runoff, wastewater, frac water, volatile organic liquids, slurries, caustics; metals removal media, namely, ion exchange resin for the removal of arsenic and other heavy metals from sources namely construction runoff, wastewater, frac water, volatile organic liquids, slurries, caustics and the like; oil removal media, namely modified zeolite blended with activated carbon for the removal of oil and heavy organics from water; Liquid and vapor filtration systems comprised of a vessel with an internal assembly in the form of an inlet and outlet distributor for the removal of industrial liquid and vapor contaminants, sediment, and odor control for use in the oil and gas, pipeline, refinery, construction, environmental remediation, mining, logging and municipal installations industries; industrial liquid and vapor pollution control and treatment system comprised of a pump for either water or vapor, an electrical control, and filter vessels; contaminant removal systems comprised of a vessel with an internal assembly in the form of an inlet and outlet distributor for the removal of industrial liquid and vapor contaminants, namely volatile organic liquids, slurries, caustics, industrial chemicals, sediment and odor control; specialty media vessels and filters, namely, bag and cartridge filters for the removal of industrial liquid contaminants and sediment for use in the oil and gas, pipeline, refinery, construction, environmental remediation, mining, logging and municipal installations industries; sand filters for the removal of sediment from target liquid streams, namely construction runoff, wastewater, frac water, volatile organic liquids, slurries, caustics; duplex cartridge filters for the removal of industrial liquid contaminants and sediment from constructions runoff, wastewater, frac water, volatile organic liquids, slurries, caustics; duplex bag filters for the removal of industrial liquid contaminants and sediment from sources including construction runoff, wastewater, frac water, volatile organic liquids, slurries, caustics and the like; multi-media filters for use with different types of media filtration in connection with the removal of industrial liquid contaminants and sediment from construction runoff, wastewater, frac water, volatile organic liquids, slurries, caustics and odor control equipment, namely, odor control filters used in connection with vapor phase applications for use in the oil and gas, pipeline, refinery, construction, environmental remediation, mining, logging and municipal installations industries; prefilter for carbon absorbers, comprised of, sand, a bag, and cartridge filtration units to capture and remove from water or liquids suspended solid contaminants in liquid phase processes for use in the oil and gas, pipeline, refinery, construction, environmental remediation, mining, logging and municipal installations industries.

SERVICES

Rental of steel easy access tanks to hold excess water in construction projects and to hold spent acids, caustics, and viscous or turbid liquids; rental of steel open/closed/safe top tanks for use in connection with construction runoff; rental of barrel tanks used for sediment settling for construction projects; rental of accessories, namely, aluminum hydraulic shoring, hydraulic shields, aluminum modular shields, steel trench shields, steel and aluminum sheeting, slide rail systems, pipe pullers, steel road plates, and bedding boxes all for use in the oil and gas, pipeline, refinery, construction,

environmental remediation, mining, manufacturing, logging and municipal installations industries; rental of industrial pumps and pump pipes, namely, transfer pumps for use in connection with the removal of water from an evacuation area; rental of priming assisted pumps used for construction site dewatering, sewer bypass, tank cleaning, flood management, and municipal projects; rental of high pressure pumps used for industrial water blasting, pipeline pigging, and irrigation standby fire protection; rental of electric pumps used for construction and industrial applications of all types where diesel engines are not allowed or are impractical, namely, for the removal of water from an evacuation area, construction site dewatering, sewer bypass, tank cleaning, flood control and management, municipal projects, industrial water blasting, pipeline pigging, and irrigation standby fire protection; rental of electric submersible pumps for the removal of water and handling solids when electric power source is available; rental of hydraulic submersible pumps used for high suction lift applications, namely, sewer bypass jobs, and dewatering of mines, quarries, and gravel pits; rental of air diaphragm pumps for use in connection with sludge and slurries, flood control; rental of sound attenuated pumps for use in connection with sewer bypass projects in residential areas, hospitals or commercial areas where sound suppression is necessary; rental of utility pumps for use in connection with construction site dewatering, product transfer, emergency standby, sewage transfer, irrigation and farm use, and accessories therefor, namely, pipe, hose, and fittings, and secondary containment berms, road crossings, generators, fuel tanks, spill guards; rental of steel fixed axle tanks for industrial construction; rental of trench shoring equipment for excavation applications for use in the chemical, manufacturing, refining, oil and gas, construction, municipal industries; rental of steel mix tank systems for tank cleaning and heating thick materials for construction applications; rental of self priming pumps for use by refineries and chemical facilities; Rental of intermodal containers for use in transport of solid waste; rental of tanker trailers, namely, polyethylene trailers for use in connection with temporary chemical storage and transport for refineries, chemical facilities, wastewater treatment plants and wherever corrosive materials are used; rental of specialty equipment, namely, stainless steel tankers for use in connection with chemical storage, transport, distribution of finished, intermediate and waste products, storage of product overruns and other materials, namely construction runoff, wastewater, frac water, volatile organic liquids, slurries, caustics, and industrial chemicals; rental of bulk containers for acidic and caustic storage and transport for refineries, chemical facilities, and wastewater treatment plants; rental of steel fixed axle tanks for drilling and chemical storage; rental of barrel tanks for temporary storage of sediment and sludge; rental of bulk containers for temporary storage of caustic and acidic materials for transport for refineries, chemical facilities, and wastewater treatment plants; rental of polyethylene adjustable valve tanks for the storage of corrosive materials; rental of vacuum and roll-off boxes for use in the temporary storage of sludge and solid waste; rental of steel double wall tanks for use for storage of environmentally sensitive liquid and vapor contaminants, namely containment near rivers, lakes, bay and urban areas; rental of polyethylene adjustable valve tanks for use by refineries, chemical facilities, and wastewater treatment plants to store acids, chemicals, and caustics; rental of steel open/closed/safe top tanks used for storage for use in environmental groundwater projects; rental of steel safety vapor tanks to hold volatile organic liquids, spent acids, and caustics; Rental of steel easy access tanks to hold excess water in environmental runoff projects; rental of high pressure pumps for environmental cleanups; rental of air diaphragm pumps for use with dewatering situations associated with refineries for water treatment purposes; rental of liquid and vapor filtration systems for the removal of industrial liquid and vapor contaminants and sediment from water, and other liquids, namely construction runoff, wastewater, frac water, volatile organic liquids, slurries, or vapor and odor control; rental of liquid and vapor pollution control and treatment equipment for use in the oil and gas, pipeline, refinery, construction, environmental remediation, mining, logging, manufacturing and municipal installations industries; rental of contaminant removal systems for the removal of industrial liquid and vapor

contaminants and sediment from water, and other liquids, namely construction runoff, wastewater, frac water, volatile organic liquids, slurries, or vapor and for odor control for use in the oil and gas, pipeline, refinery, construction, environmental remediation, mining, logging, manufacturing, and municipal installations industries; rental of specialty media vessels and filters, namely, bag and cartridge filters for use in connection with the removal of industrial liquid contaminants and sediment from water and liquid namely construction runoff, wastewater, frac water, volatile organic liquids, slurries; rental of sand filters for use in connection with the removal of sediment from target liquid streams for water treatment purposes; rental of duplex cartridge filters for use in connection with the removal of industrial liquid contaminants and sediment from water and liquids, namely construction runoff, wastewater, frac water, volatile organic liquids, slurries; rental of duplex bag filters for the removal of industrial liquid contaminants and sediment from water and liquid from sources namely construction runoff, wastewater, frac water, volatile organic liquids, slurries; rental of multi-media filters for use with different types of media filtration for the removal of industrial liquid contaminants and sediment from water and liquid from sources namely construction runoff, wastewater, frac water, volatile organic liquids, slurries; rental of odor control equipment, namely, odor control filters used to remove nuisance odors and organic contaminants from liquids from sources namely construction runoff, wastewater, frac water, volatile organic liquids, slurries, water, or vapor; rental of steel open top tanks for filtration and removal of suspended solid contaminants from water and other liquids from construction runoff, wastewater, frac water, volatile organic liquids, slurries; rental of steel settling tanks for filtration and removal of suspended solid contaminants from water and other liquids from construction runoff, wastewater, frac water, volatile organic liquids, slurries; rental of steel fixed axle tanks for sewage plant outages; rental of steel 10K roll-off tanks for tank cleaning, sludge projects, and for storm water and leachates; rental of polyethylene total drain tanks to hold storm and ground water, acids and caustics, fresh or spent chemicals; rental of polyethylene tanks capable of being lifted by a forklift for onsite movement of wastewater and volatile liquids by water treatment facilities, chemical plants and refineries; rental of dewatering boxes for freeing water from sludge and slurry; rental of vacuum and roll-off boxes for the movement of sludge and solid waste; rental of phase separators for use in separating and dewatering solid waste; rental of chemical sludge mixing and feed system for dewatering; rental of self priming pumps for use by waste water treatment plants; rental of trench shoring equipment for excavation applications for use in the environmental remediation and wastewater industries; all of the aforementioned goods are not for use at or in wellbores or for the production of oil, gas or water from wellbores.

GOODS

- (1) Coolants for vehicle engines.
- (2) Industrial oils and greases, in particular engine oils, hydraulic oils, gear oils and axle oils; lubricants for vehicle engines; fuels, in particular motor spirit.
- (3) Mixing installations of all kinds, in particular concrete mixing installations; Earth-moving equipment of all kinds, in particular hydraulic excavators, wheel loaders, bulldozers, loading tractors, cable excavators; Cranes of all kinds, in particular tower cranes, automobile cranes, deck cranes, container cranes, mobile wharf cranes, crawler cranes, stacker cranes (reach stackers); Machines and machine tools, in particular toothed machines, including gear shaping machines and tools therefor, in particular toothed tools, gear hobbing machines; Recycling plants for residual concrete, mortar and screed, all for use in the construction equipment manufacturing industry; Installations for material flow engineering, in particular gantry robots and belts for conveyors; Parts and accessories for the aforesaid goods, in particular landing gear, diesel engines, electric motors, actuators, valves, cylinders and hydraulic components; Hydraulic and electromechanical winches; Belts for conveyors; Ball race slewing ring bearings and cargo handling turntables for wind plants for use in the construction equipment manufacturing industry; Hydraulic flight control units; Material handling apparatus of all kinds, in particular hydraulic excavators; Conveyor machines for the construction industry; Fixed mountable and convertible concrete pumps (machines); Concrete pumps (machines) for mounting on chassis, vehicles and crawler tracks; Concrete distribution booms; Truck-mounted concrete pumps, parts and accessories for the aforesaid goods, in particular diesel engines, electric motors.
- (4) Pocket knives and folding multi-purpose tools (multi-tools).

(5) Surveying, optical, measuring, signaling and checking (supervision) apparatus and instruments, in particular tooth measuring gauges, position sensors, position detection systems, measuring tapes, folding rules; Electronic control systems for mixing units namely mixing plants and truck mixers for the production and transport of concrete; Electronic controls, in particular for cranes of all kinds, earth-moving equipment of all kinds and machine tools; Controls and regulators for air conditioning apparatus and heating vents, converters, hydraulic modules, in particular damping systems, actuators for tilting systems, transverse spring centering systems, special-purpose dampers, hydropneumatic suspension systems; electronic or hydraulic running gear and bogie control equipment for railway vehicles, namely electro-hydraulic actuator; control software for air conditioning installations and heating vents for rail vehicles; Computer software, in particular diagnostic software for air conditioning installations and heating vents for rail vehicles; Flight supervision software; flight control and controlling devices namely flight control actuation systems composed of electric actuators and computers to control the aircraft for use in the aerospace industry; hydraulic flight control units; Flight simulators for aeronautical machines; radio remote electronic systems and components namely air management systems, landing gear systems and flight control and actuation systems all for aerospace and transportation systems; Control computers for aircraft equipment systems, in particular activation systems and air conditioning systems; aircraft nose cone steering devices namely rack, pinion and push pull steering systems for aircrafts, fighters and helicopters; Spectacles and spectacles cases; Pocket calculators; computer software programs for repair and maintenance of vehicles, cranes and aeronautical machines; Mouse pads; Frequency converters for controlling engines and motors; Active main current rectifiers with feedback possibilities; Capacitor modules for energy buffering; Double layer condensers; Battery modules for energy buffering; DC/DC actuators; Switching power supplies, sensors for current, voltage, position and other variables; Control electronics; Complete switchgear for drive technology; Computer software and hardware for visualization feedback in connection with the use of aircraft flight applications, commercial and domestic appliances, cranes, rigs, conveyors, earth-moving equipment, excavators, machine tools, automation, aerospace and transportation systems, mixing plants, mining equipment, refrigeration and freezing equipment, construction equipment, gear cutting machines, crawlers, reach stackers and trucks.

(6) Cooling and freezing equipment, namely commercial freezers and chest freezers; air conditioning systems; wine air-conditioning cabinets; storage cabinet systems for beverages, namely display refrigerators for beer; heating and ventilation for use in connection with land and rail vehicles and aeronautical machines; pressurization systems namely a cabin pressure control system comprised of electrical controllers and air pressure regulators; de-icing systems comprising air circulators in the nature of electric fans for circulating warmed air along wing, tail and nacelle surfaces of an aircraft to prevent icing of the aircraft; humidifier systems, in particular for vehicles and aeronautical machines; air treatment systems, heating, ventilation and air conditioning systems (HVAC) for rolling stock, including the associated energy supply; steam heating devices for rolling stock and their parts and fittings such as steam heating couplings and steam pressure valves; pressure protection devices namely pressure gauges, pressure relief valves, pressure sensors, pressure switches and pressure vessels for high-speed trains, turbines for air conditioning systems and for air conditioning using the cold air vacuum method for use in rolling stock; toilets for vehicles, in particular rolling stock; integrated air management systems, air conditioning systems, cabin pressure systems; engine air bleed systems, components for air management systems such as turbo machines, heat exchangers, water separators, temperature pressure valves and flow regulation valves, stagnation air valve drives; recycled water purifying apparatus; flashlights

(7) Mobile mixer trucks, mining trucks, parts and fittings of the above-mentioned goods, in particular chassis, diesel engines, electric motors; actuating mechanisms for controlling and actuating rudder surfaces, in particular control surfaces, as well as rudders, brake valves, freight doors, rotor blade drives, undercarriages and other aeronautically related applications such as refueling systems, engine runner blades, reverse thrust and thrust vector; actuators as force-actuated parts of air-brake devices; reverse thrust systems; drives for freight loading doors, undercarriage hatches and undercarriages; undercarriage systems for aeronautical machines namely, commercial transport aircraft, jets, fighters and helicopters; undercarriage systems, in particular for aeronautical machines namely chassis frame, tires and wheels, links, struts, springs, brake rods and brake assemblies, axles, trunnions, shimmy dampers, actuators, cylinders, centering cams, cockpit indicators, emergency lowering mechanism; jet adjusting systems for engines; doors and braking devices, namely, brake pads, brake shoes, brake discs, hydraulic brakes and air brakes for rolling stock.

(8) Precious metals and their alloys; jewellery, precious stones; cuff-links; badges and pins; key fobs; key chains; watches, chronometers, clocks; watch straps.

(9) Periodical publications, calendars; writing pads; note pads, self-stick notes, note cards, self-adhesive notes; training folders; desk pads; pen cases; writing instruments; money clips.

(10) Leather and imitations of leather, animal skins, hides; trunks and travelling bags; change purses; key cases; umbrellas, parasols and walking sticks; Bags, namely, bags for sports, bags for umbrellas, beach bags, boot bags, bunting bags, carry-all bags, computer, cooler bags, duffel bags, leather bags; rucksacks; travel cases.

(11) Household or kitchen containers, not of precious metal, namely, food storage containers, beverage containers, garbage storage containers, plastic storage containers; cups and mugs, not of precious metal; insulating flasks; portable, non-electric cool bags and boxes, and bottle coolers; bottle openers, corkscrews.

(12) Towels of textile; bath towels of textile.

(13) Clothing, namely, casual clothing, business clothing, children's clothing, outdoor winter clothing, sports clothing; shoes; headgear, namely, hats.

(14) Buttons, namely, label buttons, novelty buttons, shirt buttons; embroidery.

(15) Playthings and models, in particular reproductions of machines and vehicles; balls for games.

(16) Lighters; Ashtrays, not of precious metals, for smokers; ashtrays, of precious metal, for smokers.
